

First International Workshop on User Modeling, Personalization, and Adaptive Systems for Sustainability and Social Good

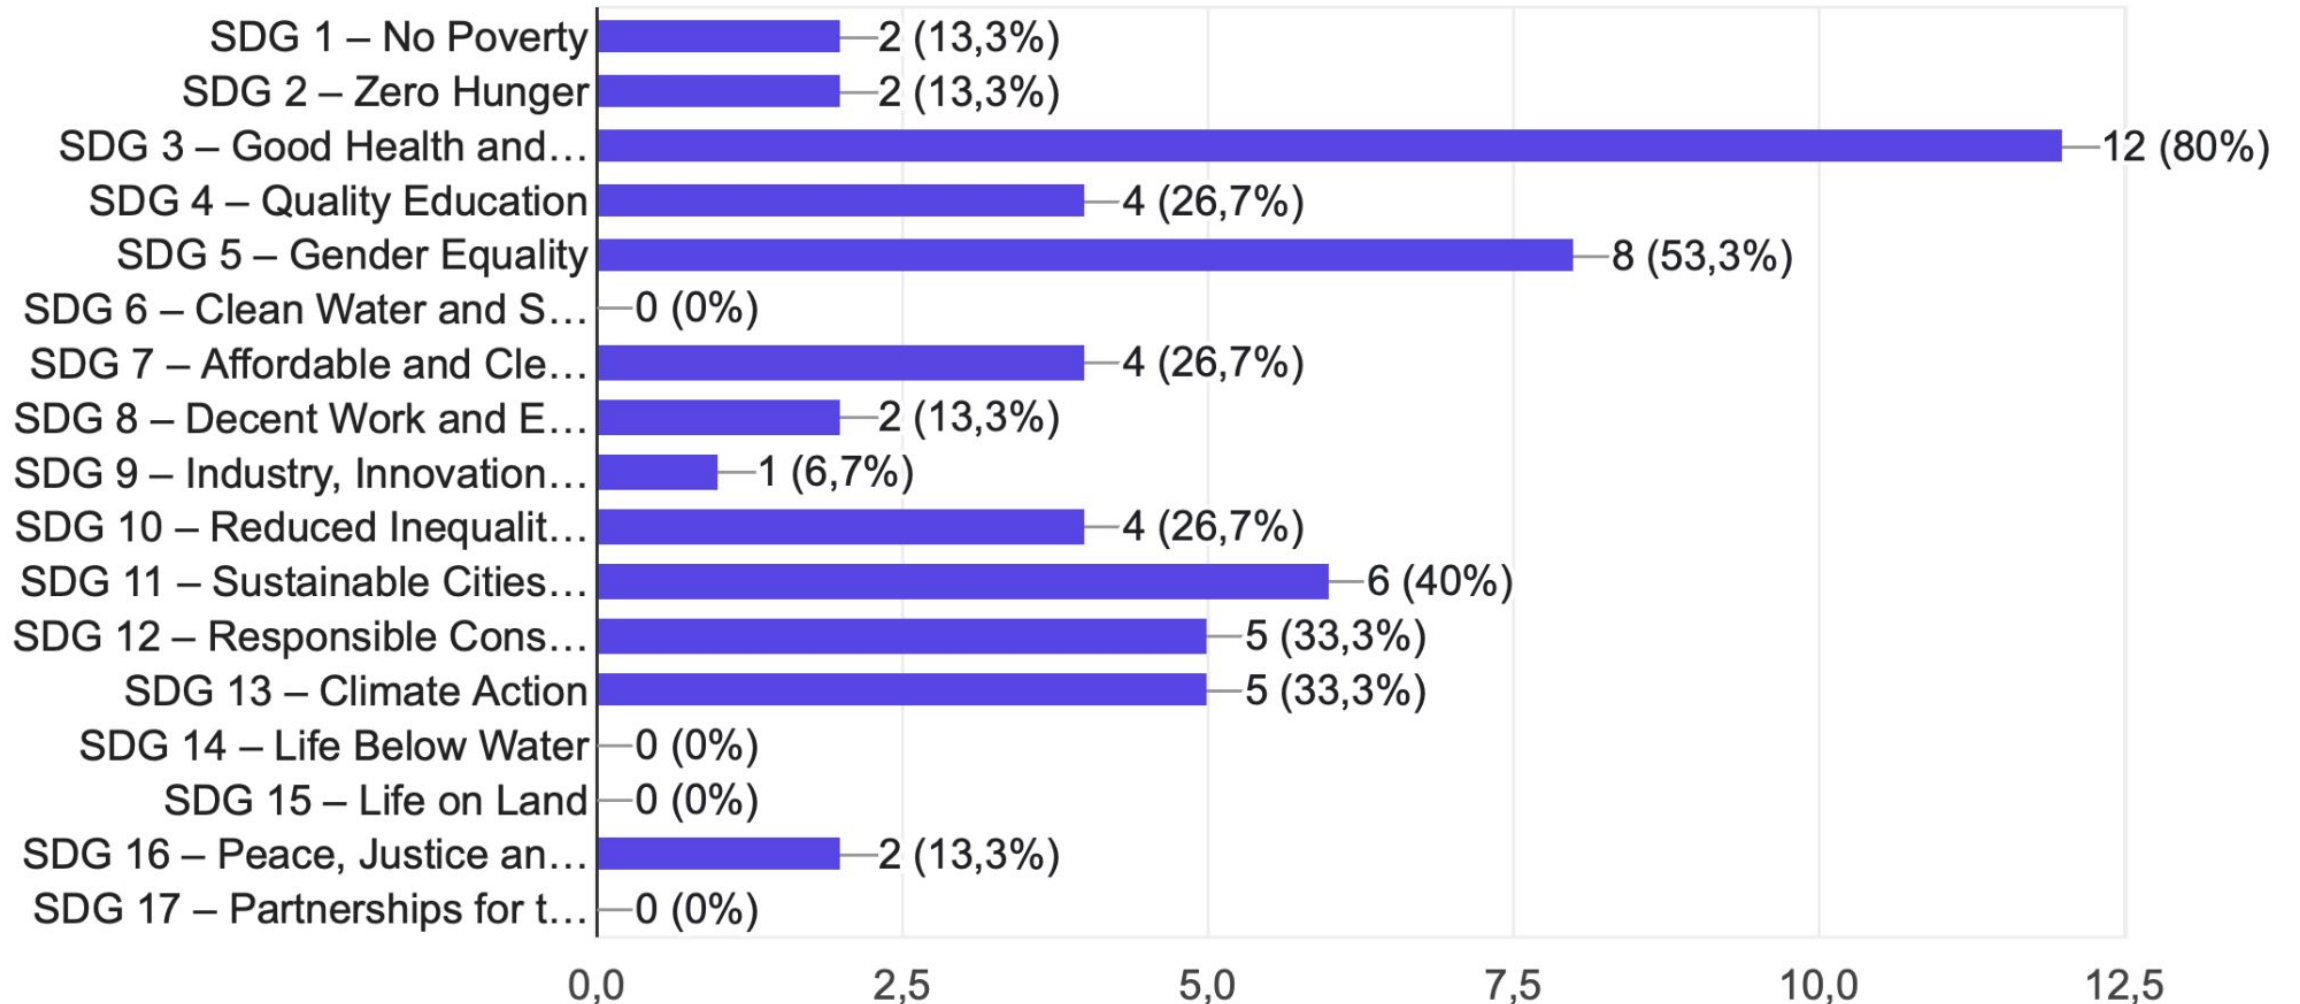

Co-located at UMAP 26 - The 34th ACM Conference on
User Modeling, Adaptation and Personalization
June 8th, 2026, Gothenburg, Sweden

Research Interests

accessibility
climate fairness
health food
inclusion
wellbeing
education energy
environment
behavior

SDGs relevance

Q1: After listening to the Session 1 papers, in one word, what is the most important idea or principle for supporting sustainable behavior change through personalization?

sustainability
understanding
user
health
accessibility
energy
haircut
wellbeing
users fairness
needs
inclusion

Q2: After listening to the Session 2 papers, in one word, what is the most important idea or principle for designing truly inclusive and adaptive learning technologies?

clarity
adaptability
inclusion style
accessibility
hci usability
personalization
cognitive
diversity

Q3: After listening to the Session 3 papers, in one word, what is the most important idea or principle for designing sustainable recommender systems at a system level?

environmental
balancing
pillars ethics diversity
fairness
responsibility
systems bias
environment
wellbeing
